## Additional Information

The Auction Clearing Price will be determined upon closure of the bidding window. Bids shall be sorted in order of the price bid and added up starting with the highest bid. The price of the bid at which the sum of the volumes bid matches the volume of the allowances auctioned shall be the Auction Clearing Price. Tied bids shall be sorted at random. All bidders shall pay the Auction Clearing Price. In case the sum of the volumes bid is lower than the volume of the allowances auctioned, allowances can be allocated. Winning bids and the Auction Clearing Price will be determined in accordance with Regulation 6 and Regulation 7 of the Greenhouse Gas Emissions Trading Scheme Auctioning Regulations 2021.

## Settlement Method

Physical Delivery

## Delivery Terms

The Contracts are physically deliverable by the transfer of UK Allowances from the account of ICE Clear Europe at the UK Emissions Trading Registry to an acceptable account of the Buying Clearing Member at the UK Emissions Trading Registry. Delivery takes place the day after the last trading day.
